The Asociación de Vecinos de Benitachell (A.V.I.B.) represents since 2000 as a neighbourhood association the interests of almost 200 homeowners on the Cumbre del Sol. We promote the multicultural community and the exchange of information between the owners, the local authorities and the developer VAPF.

At the moment, planned actions for the Cumbre del Sol are the renewal of the road surfaces, the repair of the street lighting and installation of a Fiber Optic infrastructure.

We also expect from the community of Benitachell a needs-based and cost-effective offer for the green waste disposal.

The representation of interests of our members towards the mayor of Benitachell is therefore our permanent task. This also includes coordination with the police and fire brigade for the protection and security of our members.

With our homepage www.avib.org we maintain our own internet presence. This includes a "marketplace for our members", offers for one and multiple day trips, green waste collection service, access to local, reputable craftsmen, shopping discounts in stores/restaurants, advertisements for communal purchases and information on how to support the "CumbreCatsControlCampagne".

The main goal of our membership service is to bring together members with similar interests and hobbies. From October to March we organize every two weeks hikes in the Marina Alta. Other common leisure activities are computer courses, cooking classes, wine tasting, and playing card and board games.

In order to expand our member support, we are also planning services to help needy and single members.

Informative monthly meetings followed by a relaxed get-together complete our program.

Last year our association celebrated its 20th anniversary. For some of our members the Cumbre del Sol became the first home already in the 80s. Others have been added, partly through their "second home", since they still have a residence in their home country.

With the A.V.I.B. most of our members have found a personally important social network, in order to better exchange information and to rely on the experience of "Mayores" of our association.

Have we aroused your interest in becoming an AVIB member?
Only together we are stronger!

You are welcome to contact the members of our board directly by phone or by e-mail. The associated faces, names and contact details can be found enclosed. The membership fee of only 36 € per year includes the partner belonging to the family group and, if applicable, the children. Included is also the disposal of up to four Big Bags of green waste per year.

Could we already convince you, or have you already decided for a membership?
Details on how to register can be found on the back.

We will be happy to assist you personally.

Thank you very much for your trust in advance!

Best regards
Your A.V.I.B. Board
